Tallahassee, Florida 32399-2400

David B. Straus
Secretary

February 21, 2003

Mr. Carlos Ramirez
Operations Manager
OXXO Care Cleaners
1874 North Young Circle
Hollywood, Florida 33020

Dear Mr. Ramirez:

Thank you for your February 13 correspondence in which you provided the Division of Air Resource Management information on the dry cleaning product and technology used at OXXO Care Cleaners and a request for confirmation that facilities not using the solvent perchloroethylene are exempt from permitting.

The department has established a Title V air general permit under Rule 62-213.300(1)(a), Florida Administrative Code (F.A.C.), for perchloroethylene dry cleaning facilities only. The Title V air general permit program is administered through the Division of Air Resource Management. Dry cleaning establishments not using perchloroethylene are exempt from the Title V air general permit program at this time.

If you have additional questions concerning the Title V air general permit program, please contact me at 850/921-9583.

Sincerely,

Sandra Bowman
Bureau of Air Monitoring
and Mobile Sources.
